The entrance to the playing fields is the seventh turning on the right along Marsh Drive and is the next turning after Lufford Park.

The manager or coach of the team you are playing will have informed you which pitch you are playing on according to the key below. If you are playing on either N1, A1, A2 or A3 it is best to drive to car park 1 which is the main car park and is adjacent to the tennis courts

There is a pathway set between the Tennis Courts and the pavilion where the changing facilities are. The entrance is found by following the pathway and turning right.

Car park 2 should be used for pitches D1, D2 and D3 and can be seen on the immediate left as you turn off Marsh Drive

Any further information specific to the team involved will be provided by the manager of that team

NOTE: Teams playing on A2, A3 or N1 **MUST** avoid walking across pitch A1 and the cricket square

Pre-game warm ups for games on A1, A2, A3 or N1 should only take place on those areas marked in yellow
Warm ups **MUST** avoid the cricket square and outfield and should not take place on the pitches themselves in order to preserve their condition - particularly during winter months
